School District #10 Arrow Lakes "World Class Learning in a Rural Environment"

April 10, 2018

The Eagles Nest News

An awesome April to you Edgewood.

I hope the break was both enjoyable and meaningful to our EES families. It's hard to believe that its April already and the end of the year is on the horizon. Let's just hope that the weather decided to note that winter is over. However, please send your child to school dressed for the weather and ready to play outside.

I have a few exciting announcements. Our Edgewood Eagles basketball team played their hearts out and had a solid outing at the SD10 Intermediate invitational in New Denver. We went 1-2 but were in every game. A huge thank you goes out to Darcy Goodrich for all his time spent coaching and pushing our team!

We have some great events coming up this month. We will be visited by a couple of artists: April 12 Traditional Birch Biting and April 19 Andy the Musical Scientist. The school will be heading to Susan Janzen's studio on April 26.

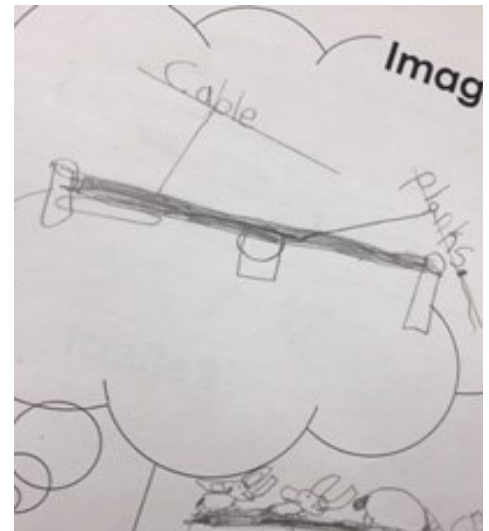

Robogames is coming back to Edgewood. The students interested in robotics have been invited to participate at the Robogames April 28, 2018 at Selkirk College in Castlegar. PAC and the district have helped out with our gear and registration. If any of the parents are interested in taking students to Castlegar on April 28, please contact me at the school

Last but not least, keep your eyes peeled for the Eagle's Nest News coming out mid-month. The revised newsletter will have reminders of upcoming events and an added educational article to help you stay current with education in BC. It's always great to stay informed about your child's schooling.

Until next time Edgewood...
